CURRICULUM

Our undergraduate program is aimed at providing aspiring medical and paramedical students with hard skills and experience that would help them in careers. The work in medical field requires astute understanding of complex problems and then take decisions accordingly.

The medical code of conduct is another point that our curriculum is focussed on. Soft skills are as important as hard skills hence a proper overall development of a student can be expected out of our curriculum at App Deepo Bhav.

Taking ownership and being responsible with work is very crucial for someone in the field of medics and paramedics. Our curriculum, teaches students to not only imbibe knowledge but also to be responsible in their careers.

The courses follow a holistic approach starting with extreme basics and then going up to intermediate and then expert level content.

ABOUT THE TRUST

App Deepo Bhav Educational and Health Charitable Trust was founded in 2017 by a group of passionate changemakers. With the belief of 'excellence, service and integrity', App Deepo Bhav has its strong foundations rooted.

Over the years, App Deepo Bhav Educational & Health Charitable Trust has evolved to be of extreme community service. The trust has been continuously working hard to provide free health care services to people in the form of organising health check-up camps and treatments. The trust works with extreme rigour and passion to help impact the lives of people every day.

Apart from health care, the trust has been actively conducting various food drives and donations for the underprivileged. The academic help of the trust doesn't end at education, the trust also sponsors stationery and study materials for underprivileged students.

ABOUT THE COLLEGE

Medical infrastructure is one of the booming problems of today. The onset of Covid-19 exposed the lack of medical infrastructure in our country. The only way to solve this problem from the grassroots is access to proper medical education. We at App Deepo Bhav are aimed to solve this massive problem. With competent personnel from the medical sector, the college is aimed to foster holistic education to its students.

World class education needs world class infrastructure. App Deepo Bhav College has a beautiful campus that is spread over 2.5 acres of land. The college is well equipped to serve all the professional needs of an individual. Besides multi-purpose room, common room for students, conference hall, well equipped labs, etc., the CCTV campus also has a playground, multiple food counters and a temple.

The Chairman, Vice Chairman and the Directors are dedicated to not only educating the youth but truly helping them in any way possible. The college also provides **transportation services** to the local students.

The college compromises nothing on quality of the education imparted. The student to teacher ratio in each class is fairly distributed, leaving enough time for each student to get their doubts clarified. The **placement cell** forms a critical part of each college. App Deepo Bhav has tie ups with many hospitals for practical professional experience for students. Post the completion of the course, the transition from the academic world to the professional world is seamless giving students a clear path to leave a greater impact on the society.

CORE VALUES

App Deepo Bhav College believes in instilling values in its students. Our four core values are strongly embedded in our institution and are a way forward for our students who will be our ambassadors in the coming times.

Code of Conduct

The curriculum and the pedagogy is designed in a manner that embeds the required code of conduct in our students. A professional in the field of medicine is the greatest service to mankind.

Training Perfectionists

Mistakes in medicine can be fatal. As training upcoming medical professionals, we aim for perfectionism. An amalgamation of perfectionism with a sense of timely responsibility can help save many lives.

Fighting Stereotypes

Often STEM (Science, Technology, Engineering and Mathematics) courses are stereotyped by the dominance of one gender over the other. At App Deepo Bhav, student's admission to any course is not gender dependent but interest dependent.

Soft Skills Development

With ample networking opportunities and extracurricular activities, interaction with industry experts helps students gain confidence, communication skills and leadership skills.
